END OF PUBLICATION NOTICE

As of December 2022, the Performance Planning Guide is being discontinued and will no longer be available for download or viewing.

All performance-related content has been incorporated into the ForeFlight Mobile Pilot's Guide, which can be opened in app by tapping **Documents** > **ForeFlight**, or on the web at **www.foreflight.com/support/pilots-guide**.

See the next page for instructions on how to remove this document from your device.

Removing the Performance Planning Guide

IMPORTANT: If you are subscribed to the ForeFlight Document Catalog, ForeFlight recommends waiting until this guide is expired (removed from the Document Catalog) before removing it from your device.

Removed Document Behavior

The behavior you will see after removing the Performance Planning Guide from your device depends on whether or not the guide has been removed from the ForeFlight Document Catalog (December 2022).

Prior to Catalog Removal

If the Performance Planning Guide is removed from your device before it is removed from the Document Catalog, this document will be available for download in the ForeFlight Catalog.

CAUTION: If you are subscribed to the ForeFlight Catalog and you remove this guide before it expires, you will be unsubscribed from the ForeFlight Catalog.

After Catalog Removal

If the Performance Planning Guide was installed on your device before being removed from the Document Catalog, it will appear as an **Expired** document after it is removed from the Document Catalog.

Follow the steps on the previous page to remove the expired document. Once the document is removed, it will no longer appear in the Document Catalog, nor will it be available for download.
